Mr. A. J. Plowden, a son of Mr. John G. Plowden left last Monday night for Brookline, Ga., where he has accepted a position. We wish him much success, as he is a very exemplary young man.

The first bale of cotton to reach the Summerton market weighed 617 pounds and was bought yesterday by Dr. W. Anderson for 13c. The grade was good middling and ginned at the Summerton gin.

Till & Co. certainly mean to make a stubborn pull for the trade this season. Just look at their advertisement and then visit their store and you will be convinced that this concern is well in to the competitive push.

We desire to call attention to the advertisement in this issue of the Shaw-McCullum Mercantile Company of Sumter. These young men are from Clarendon, and deserve a good patronage from those who trade in Sumter.

There is no better equipped jewelry establishment in this part of the State than that of Mr. S. R. Venning. He keeps a well assorted stock of everything in his line, and there is no need for anyone sending off when they want to buy anything to adorn themselves or to present to a relative or friend. Read his advertisement.

The congregation of the Presbyterian church in this place, had a congregational meeting after service last Sunday and extended a call to Rev. J. M. Holladay, of Virginia, to the pastorate of this church. Mr. Holladay has served some large congregations in Virginia and North Carolina and has been highly recommended to this congregation.

Mr. John K. Breedin, who has for the past two years held a position in the Manning postoffice has resigned that position to go to Virginia to attend the law at the University. Mr. Breedin is a bright young man, and we feel assured that he will make his mark. It has been our good fortune to be closely associated with him, and with sincere pride can testify to his high character.

In calling your attention to the announcement of Louis Levi in this week's issue of THE TIMES, we will state that it is unnecessary for us to tell the people of Clarendon who Mr. Louis Levi is. He is known to the entire trading public, and when he advertises an article the people know he means what he says. We want our readers to watch his advertisements this season as he will make it worth their while.

What came near being a fatal accident happened last Friday on the Jack's Creek bridge. A team belonging to the Penn Lumber company of Sumter while crossing the bridge was hurled into the creek by the bridge falling in. The team miraculously escaped serious injury, only getting some bruises. The bridge was built about five years ago out of first class lumber, and no one suspected there was anything wrong with the structure until it fell in when it was discovered that rot had taken possession of the timbers.

The first bale of cotton for this season to reach the Manning market was brought in by Charlie Hamilton, colored, on last Thursday, and who turned it over to Mr. A. L. Barron, and who in turn sold it to Mr. W. T. Sellers, the cotton buyer representing the Spruins of Wilmington. The price paid was 12 cents per pound. Later in the day, another bale was brought in by Turner Sumter, colored, and it was bought by the concern with whom he had an account, but his bale brought 11c, a difference of 1 cent a pound in favor of the buyer who paid all cash.

Distress After Eating Cured.

Judge W. T. Holland of Greensburg, La., who is well and favorably known, says: "Two years ago I suffered greatly from indigestion. After eating, great distress would invariably result, lasting for an hour or so and my nights were restless. I concluded to try Kodol Dyspepsia Cure and it cured me entirely. Now my sleep is refreshing and digestion perfect." Sold by The R. B. Loryea Drug Store.

Opening of the Levi Memorial Institute.

The Moses Levi Memorial Institute Graded School will open Monday, Sept. 14th inst.

Parents are earnestly requested to send their children the first day of school. This is very important. Beginners or those who are expected to enter the primary (first) grade must come when school opens or at most within a very few days after the opening if they do not enter very soon after the opening they cannot be permitted to enter.

For pupils who do not reside within this school district the trustees have decided to charge the tuition down to the nominal price of \$1.00 per month for all grades. For those residing inside the district—those whose homes are here and whose parents live here—will be required to pay the same contingent fee as they did last year.

JOSEPH SPROTT, Clerk Board of Trustees. September 1, 1903.

A Good Move.

Editor The Manning Times:

I have been requested by Mr. A. J. Matheson of Bennettsville, S. C., to issue a call for a mass meeting of the people of Clarendon county to be held at Manning, the first Monday in November to consider the advisability of establishing an Immigration bureau, and to elect three delegates to attend a convention to be held in Columbia on the 10th of November for the purpose of discussing and adopting some plan for permanent organization. I believe that this is a movement in the right direction and will be of vast interest to our State. I hope that the people of the county will give the matter due consideration, and on the time appointed, first Monday in November, we will have a large turn out and every section of the county will be represented.

Mr. Editor, please accept my thanks for your kind offer to publish this notice. Yours truly, C. M. DAVIS.

The Genuine vs. Counterfeits.

The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching, and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by The R. B. Loryea Drug Store.

New Zion Dots.

Editor The Manning Times:

I am glad to see that your correspondents have started to write again.

We attended the soldiers reunion at Shiloh on Saturday. There was a large crowd. The old flag of Co. H. was raised and flowed proudly to the breeze together with the stars and stripes. The veterans felt proud. The meeting was presided over by Mr. Parrott of Sumter and a number of fine speeches were delivered. Congressman Lever made a capital speech which was well received by the crowd. Mr. Lever went to the top of the race question and lynching.

Senator Tillman was to be present but did not get there, and it was intimated that his new batch of railroad passes had not reached him. Col. Harvey Wilson of Lee county made a speech which was gratifying to the pensioners after which we all enjoyed a fine dinner.

Mr. F. H. Hyatt of Columbia addressed the crowd on good roads and Hon. Eli D. Smith struck the head with his speech against trusts. There were other speeches all of which were well received. The crowd numbered about 500 and everything possible to make the old soldiers enjoy themselves was done. I regret that I haven't the time to give a more extended report of the meeting.

The Pleasure of Eating.

Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. This remedy is a never failing cure for indigestion and dyspepsia. It cures all complaints affecting the glands or membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Sold by The R. B. Loryea Drug Store.

Not the Genuine Kind.

"I'm afraid she isn't cut out for a society woman."

"Why not?"

"Well, she seems to have no idea of the pleasures of extravagance."—Detroit Free Press.

Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.
